

Dr. Fabio Vieira dos Santos

Laboratory of Cell Biology and Mutagenesis

Universidade Federal de São João Del-Rei (UFSJ), Avenida Sebastião Gonçalves Coelho, 400, Chanadour, CEP: 35501-295, Divinópolis, MG, Brazil

Email: fabiosantos@ufsj.edu.br

Qualifications

2006, Ph.D., Mutagenesis, Universidade Estadual Paulista (UNESP), Brazil.

2003, M.S., Genetics. Universidade Estadual de Londrina (UEL), Brazil.

2001, B.S., Biological Sciences, Universidade Estadual de Londrina (UEL), Brazil.

Overview

Dr. Santos is the Head of the Laboratory of Cell Biology and Mutagenesis and of the Laboratory of Culture of Animal Cells. His Research is dedicated to identification and characterization of compounds that induce mutations *in vitro* in order to identify agents with anticancer potential. Besides, studies the agents that can protect the genetic material from damages (antimutagenesis).
